# A WORLD OF SPECIAL FARES

You choose where. You choose when.

THE WAY THE EARTH CONNECTS

# CHOOSE FROM FOUR SPECIAL FARES AND NINE SPECIAL AIRPASSES

When you're planning a long-distance or multi-leg trip, you'll inevitably ask yourself a few basic questions, such as: who can offer you the widest choice of destinations, the best value, and the most flexible itineraries?

Fortunately, you won't have to look far. You'll find that wherever you want to go, it pays to make Star Alliance™ your first stop.

Because time and dates can be changed, our special Fares and Airpasses offer greater flexibility, as well as value for money. Here's a brief look at what each provides – they all have their own separate brochures, where you can find more details. Just ask your member carrier or your local travel agent for a copy, or visit [www.staralliance.com](http://www.staralliance.com)

A WORLD OF SPECIAL FARES

## FARES AND AIRPASSES

You'll find that our special Fares and Airpasses are better value than standard airfares and give you the freedom to hop around the world, or whichever regions of it you wish to visit.

They're very flexible as well. Apart from your first international/intercontinental\* flight, you can change times and dates as often as you like, provided your routing is unchanged (in some cases for a small fee). This means that if you need to stay longer in one particular place you can simply extend your stay.

## ADVANTAGES WHEN FLYING WITH THE WORLD'S LARGEST AIRLINE ALLIANCE

Our member airlines work as a team. So, if you have connecting flights you'll be checked through all the way, no matter which of our member airlines you're flying with. In addition, Star Alliance member airlines work together to ensure connections dovetail as much as possible – thereby ensuring smoother, quicker transfers. This makes it easier for you to create the best possible itinerary, however diverse your destinations.

A WORLD OF SPECIAL FARES

## FREQUENT FLYER BENEFITS

If you are not already a member of a Star Alliance member airline Frequent Flyer Programme, there's clearly no better time to join than when you're planning a trip involving several flights. As a customer of any Star Alliance member airline's Frequent Flyer Programme, you can earn and redeem miles from all 26 member airlines, depending on the rules of your chosen Frequent Flyer Programme. This means you can collect miles, gain benefits and build status faster.

When you have sufficient miles, you qualify for Star Alliance Gold or Star Alliance Silver status. This offers you special benefits, such as priority waitlisting if you don't have a reservation, priority check-in, priority boarding and priority baggage handling. And, of course, access to over 800 of our member airlines' lounges.

\*"International" applies to travel originating worldwide and "intercontinental" applies to travel originating in Europe.
